FOR IMMEDIATE RELEASE – Wednesday, November 15, 2015

Contacts: Ms. Adena Williams, Communications Director at [communications@unitysystem.com](mailto:communications@unitysystem.com)

National Harbor, MD, November 15, 2015 - A Unity Systems (AUS) released the “Sifa” collections of standalone cellphone smart watches and “Neema”, one of the first dual boot tablets that operates both Windows and Android Operating Systems on the same device. *Sifa*, Swahili for Praise, and *Neema*, Swahili for Blessing, stays true to their names by bringing elegant, affordable solutions to everyday technology.

The *Sifa* is a unique, diverse collection of touch screen smart watches that support both IOS and Android OS. These high quality smart watches can sync with your mobile device or operate alone. The Sifa smart watches allow you to make and receive calls, send and receive e-mails and text messages directly along with many other loaded or downloadable apps. The line offers a variety of styles and features including a water resistant 3G smart watch with a 5MP side view camera and lithium battery.

AUS NEEMA CMB-R33 DUAL BOOT TABLET creates a new industry standard by supporting two operating systems on one tablet. It has a 10.1 inch screen and multiple outputs and slots for external devices. AUS NEEMA JWE-19, is an optional keyboard and case with dual fold-back support for the Neema Dual-Boot Tablet.

*“Sifa and Neema represent over Sixteen years of computer innovation for AUS. We have reached our goal of setting a new standard for versatility across platforms while staying true to the vision, soul and spirit of the company.” Tonee Bell, CEO and founder of A Unity System.*

A Unity System’ mission is to be a leader and a catalyst for change in business and the community. AUS works to bridge the digital divide, by creating affordable market brand technology that celebrates the unity within diversity.
